### The Occupational English Test (OET) opens a new test venue in India with Ebek Chennai.

OET, the English language test for healthcare professionals, will be available at a new venue from February. The new Chennai test venue will be managed by Ebek Chennai.

OET (Occupational English Test) is an Australian-developed English language test which assesses language communication skills of healthcare professionals. It provides assessment of all four language skills – listening, reading, writing and speaking – through test material designed to reflect real healthcare scenarios.

G. Sreekanthan, MD and Chairman of Ebek Chennai says: "We are committed to providing services and offerings that meet the needs of the communities in Chennai. The OET tests in Chennai will be conducted in Apollo College of Nursing. By offering OET at Ebek Chennai, we are enabling health care professionals to demonstrate their English language proficiency for professional registration and employment purposes".

"OET, which is owned by Cambridge Assessment English and Box Hill Institute, has a unique and proven 30-year pedigree and the test is recognised by healthcare regulators world-wide. The decision to offer the test was an easy one to make," he concluded.

OET CEO, Sujata Stead, said the new venue will make a huge contribution to the healthcare sector.

"I'm sure OET candidates will have an excellent experience with Ebek Chennai. We commend them for their passion for meeting the needs of the community through empowering healthcare professionals to have the level of English communication skills required for safe and effective care".
